The International Society of Hematology (ISH) will return to in-person meetings this year on October 6-8' 2022 along with the Spanish Society of Hematology.

After interruptions derived from the COVID-19 pandemic, we are back on our feet and will celebrate our 38th World ISH Congress. Our Spanish friends and colleagues have chosen the splendid city of Barcelona as the venue of the joint meeting and we are confident that this will be an unforgettable hematology world congress. A solid and state of the art academic content will be presented.

Please save the date and be ready for this outstanding combined meeting. It will be a pleasure seeing you in Barcelona in October.
